## DIRECTIONS FOR MAKING TERM REPORT

Please read directions carefully and study the blank form before attempting to fill it out. Help us to raise Mississippi to a higher rank among the states in education by making out a full and accurate report for your school. If accurate data cannot be obtained make the closest possible estimate and indicate items estimated by underscoring with red ink or pencil.

### I. GENERAL INFORMATION

1. Be sure to check the type of school "Common School" applies to all unconsolidated rural schools for colored children.
2. Give length of school term in months as "free" term and "supplement," if such is the practice in your school, by simply writing the number of months "free" term followed by a dash and the number of months "supplement." Example 6—3.

### II. ATTENDANCE AND ACHIEVEMENT

1. We are willing to concede that this part of the report is more comprehensive than Mississippi teachers are accustomed to make, but we must have all the information contained in it, if we make reports which will represent Mississippi fairly to the educational world.
2. Space is left for Primary or Kindergarten Grades (P-K) for the convenience of school having children below normal "First Grade."
3. Space is left for ungraded students in case a school does not have its pupils classified according to "Grades."
4. **Caution**—Great care should be taken to make calculations in this part of the report very accurate. These figures will be used many times. An error permitted to leave your hands will in all probability, be carried over into other reports, thereby making all reports of doubtful value to that extent.

### III. TEACHING STAFF

- A. Write the names of the teachers in the following order:  
First, Second, Third, Fourth, Fifth, Sixth, Seventh and Eighth grades, followed by high school teachers.
- B. Indicate sex of teachers by writing M (men) and W (women).
- C. Report training of teacher by the following:
  - 1 H. S. for one year high school work.
  - 1 C. for one year college work.
  - 4 HSG. for high school graduate.
  - C. G. for college graduate.
- D. Report experience in years, taking a school session for one year.
- E. Annual salary, total amount of salary for the school year for each teacher.
- F. Position—Principal of the school, first assistant, second assistant, etc.
